Project

Credits

The name

OpenClaw = CLAW + TARDIS, because every space lobster needs a time and space machine.

Credits

Peter Steinberger (@steipete) - Creator, lobster whisperer

Mario Zechner (@badlogicc) - Pi creator, security pen tester

Clawd - The space lobster who demanded a better name

Core contributors

Maxim Vovshin (@Hyaxia, 36747317+Hyaxia@users.noreply.github.com) - Blogwatcher skill

Nacho Iacovino (@nachoiacovino, nacho.iacovino@gmail.com) - Location parsing (Telegram and WhatsApp)

License

MIT - Free as a lobster in the ocean.

> "We are all just playing with our own prompts." (An AI, probably high on tokens)
